## GILLIS BACK ON PLANNING BOARD

A Daniel Gillis, for seven years a member of the Wilmington Planning Board, is back in the harness. He was sworn in as a member on October 8th, having been reappointed a member by Town Manager Cecil Lancaster on Oct 1st. Mr Gillis was chairman of the Planning Board about two years

ago, at the time that that board approved plans for a proposed Shopping Center in East Wilmington, about which Town Manager Lancaster did nothing. When Gillis resigned, sometime later, because of the pressure of private affairs, the Town Manager said 'Thank God', an action which he has subsequently denied.

## THREE WAY AGREEMENT RECOMMENDED AT SIGNORE

A three way agreement has been recommended to the Wilmington Planning Board in order to settle part of the outstanding problems on the Signore Real Estate Development, in North Wilmington.

The recommendations were made Tuesday night by Atty Arnold Honeywell, a member of the firm of Hemingway & Barnes, of which Town Counsel Philip Buzzell is the senior member.

The Signore property, on the old Caleb Harriman estate, was started in 1955 as a real estate development known as Elmwood Village Mr. Signore became enmeshed in many difficulties, and after transferring the property through three different firms, disappeared, leaving behind him a legal maze which the Town Counsel and bonding attorneys have been trying to unravel ever since.

Vokey & Parsons, a firm doing business locally, wishes to buy 10 of the houselots, on Anthony and Catherine Avenues, from the present owner, the Libro Development Co of Everett, represented by Atty Fred Corum of Wilmington.

Nothing can be done unless the Planning Board approves, because of the outstanding bonds, for \$10 thousand, for site development.

Atty Honeywell, Tuesday night, recommended that there be a three way agreement, among Libro, Vokey & Parsons, and the Planning Board, to 'clear up the mess'.

The Planning Board was very receptive.

Among the difficulties is the projected junction of Catherine Ave and Dorothy Ave., which the Planning Board would like to see completed, but which now is abutting privately owned land. The possibility exists that the Planning Board will attempt to get these private owners to agree to allowing the settlement to be made.

If an agreement is reached, the remainder of Catherine Avenue will be finished according to the 1955 regulations, in force at the time the development was first approved. This would mean a 'pea-stone' street, as is now the case on Catherine Avenue, and not a hard-topped surface, such as is on Dorothy Ave.

## THE TROOPER CLIMBED ON TOP TO COUNT

Trooper Paul Conway of the Massachusetts State Police had to climb on top of a truck cab, to count the number of automobiles involved in the multiple accident on Route 93, last Thursday morning.

The trooper counted 24 autos and trucks, in what was the worst accident ever on Route 93, with cars being smashed, as so many tin cans. The Town Crier has received clippings from papers as far away as St. Petersburg, Fla, showing pictures of the accident.

Wilmington gasoline station attendants report that many more cars were involved, but that, being only in glancing collisions, the drivers did not stop, but continued on their way to work.

## WELLS SHOULD BE TESTED

Those residents of Wilmington who are dependent on wells for their water supply should have the water tested, Ernest Romano, the Health Officer of Wilmington has warned. Water may be contaminated because of the recent floods.

Mr Romano, (OL 8 3311) will test any well in Wilmington free of charge.

## ORDINATION OF MINISTER TO TAKE PLACE IN BAPTIST CHURCH SUNDAY

Stanley D. Anderson, a philosophy teacher at Gordon College, is to be ordained into the Christian ministry in ceremonies in the First Baptist Church of Wilmington at 3 pm Sunday.

A native of Michigan, Mr Anderson is a graduate of Wheaton College, Wheaton Illinois, with a degree of B.A., and last June he was awarded a B.D. degree Summa Cum Laude (highest possible honors) from Gordon College.

In addition to teaching at Gordon Mr Anderson is pursuing studies at Boston University leading to the degree of Ph.D. During the winter and spring of 1961-62 he was the Director of Youth at the First Baptist Church of Wilmington, serving the youth in a most fruitful way.

Mr Anderson holds a commission in the US Army, and has just completed a required course at the US Army Chaplain School, at Fort Slocum, New York.

## SELECTMEN OVERLOOK BETTERMENT ABATEMENT

With about two weeks remaining for abatement applications on the Road Betterments the total sum abated by the Selectmen now is over \$8000.

Monday night the Selectmen voted a 25% abatement for Edmund Passmore of Marcus Road and denied a petition for Nunzio Bonarigo of Dell Drive.

They discussed an abatement for Jack Collins, at the corner of Shady Lane Drive and Lawrence St. and then forgot to vote it. They had been discussing a 100 foot abatement on Shady Lane.

Police Chief Paul Lynch will see that all stores not exempted by the new Common Day of Rest law will be closed tomorrow, Columbus Day, he has announced.

Lynch explained the law Monday night to the Selectmen. Only those stores which have two employees only, including the proprietor, may remain open, while other stores may be open only for the purpose of selling newspapers, Lynch said.

Only the Chief of Police, or a designated police official may grant permits for working on holidays now, said Lynch.

## VANDALISM IN WILDWOOD SCHOOL

School officials fear the damage to contents within the Wildwood School will top \$800.

Custodian Bernard McDonough, Tuesday morning, discovered, on opening the school, that vandals had been in the building the night before, and had destroyed a large quantity of school property. There appeared to be no robbery, and it was not readily apparent as to how entry had been made.

## TOWN EMPLOYEES TO BE ON FORTY HOUR WEEK

Employees of the town, in the Water, Highway and Tree Departments, are to go on a 40 hour week starting the first week in November. The pay will be the same as for the present 44 hour week.

TM Cecil Lancaster was instructed, Monday night, by the Selectmen to put the new schedule into effect.

## STILL BAILING OUT CELLARS

Homeowners of Wilmington still have flooded cellars, as the result of a devastating rain of last weekend which dumped a total of 9.43 inches of rain onto the town, according to the records of the Wilmington Water Department.

Hundreds of calls were received by the Wilmington Fire Department Sunday and Monday, with the majority being refused, as they were not in the classification of emergency.

Only emergency calls could be handled, a spokesman for the department pointed out, because the department would not be able to handle all calls in the first place and the department has no desire to be in competition with private contractors in the second place.

The most interesting of the flooded places in Wilmington was the new Gullid Plastics plant, near Wilmington Square.

The entire grounds of the plant was under several feet of water, and power was off for several days as the result of the electric transformers being flooded.

Seven large trucks, Saturday night were hauling gravel to the plant, in a vain effort to stop the flow of water, which came in from nearby lowlands.

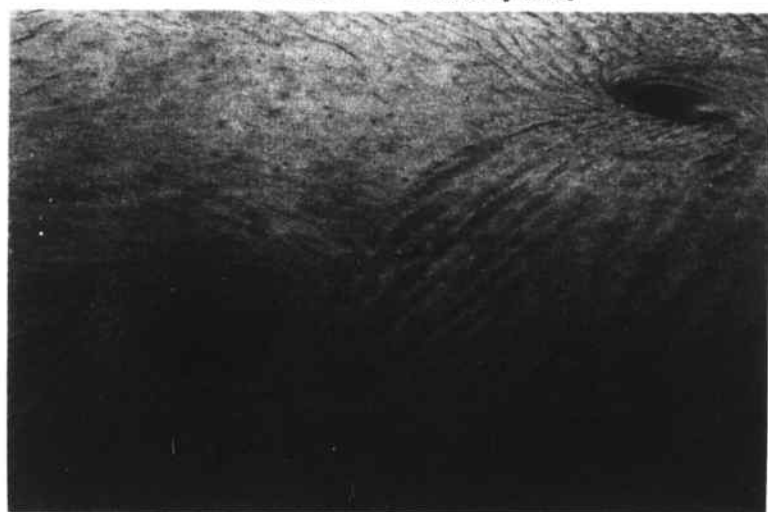

Two new cellars, on Butters Row had only the top of the concrete showing.

All over town it was the same story. Houses on Jones Avenue reported flooded cellars, where never before there had been water. The Highway Department was assisted, in many parts of town by employees of the Water Department, in clearing obstructions brought in by flood waters.

After a one day respite Monday rain began again on Tuesday, and was still falling as this paper went to press. There was a total rainfall of .45 inches Tuesday.

At no time during the long rainy weekend was there any disruption to the electrical service of the town. Wilmington, in fact was the best off of the four towns served by the Reading Municipal Light Department, as in the three other towns there were a total of nine

RIGHT HANDED WHIRLPOOL

Whirlpools, cyclones and hurricanes, in the northern hemisphere always rotate counter-clockwise, and in the southern hemisphere they rotate clockwise, due to the effect of the earth's rotation on its axis.

One of two whirlpools, at the Concord Street crossing of Lubbers Brook, Sunday, was not paying attention to the old sailor's saying, Sunday, and was whirling in a clockwise direction. Each of the two whirlpools shown are over the invert to new pipes laid by the Highway Department recently, and it is probable that the nearer whirlpool's eccentric motion is caused by the configuration of the brook bottom,

### ON THE INDISCRIMINATE USE OF INSECTICIDES

From time to time this column has deplored the use of public funds for the purpose of the wholesale destruction of noxious insects by indiscriminate use of the modern insecticides.

particularly are we against the use of air-planes and helicopters in this work. We are not overly enthusiastic about the modest effort of the Wilmington Tree Department, in which insecticides are spread over swamp waters by spraying downwind from the roadside.

We suspect, and have suspected, that a chain reaction may ensue, to the ultimate loss of life by other than insects.

Rachel Carson, the distinguished Marine Biologist, recently published a book which supports this thesis. The book was immediately attacked as being "sensational".

But there was nothing sensational in the death, last week, in South Lincoln, at the Drumlin Farm Wildlife Sanctuary, of an osprey.

That osprey, the Massachusetts Audubon Society reports, died from the effects of cumulative DDT poisoning.

### MISLEADING THE HAVERHILL JOURNAL

Somebody has been misleading the Haverhill Journal.

That paper, last Thursday, stated that Cecil Lancaster's salary in Wilmington, as Town Manager, was \$12,000 a year. It further stated that he had a policy of "no concessions whatsoever to new industry".

Lancaster's salary is \$11,500. It was so voted by the Town meeting after the Town Crier publisher stopped a movement which was designed to cut his salary to some lower point. It has never been \$12,000, and it is extremely doubtful if the Town meeting would ever so vote.

It is also interesting to note the "no concessions" statement.

In the case of Guild Plastics Lancaster prevented the Wilmington Department of Health from seeing the plans, as stipulated by law, until construction was well along. All other firms had to submit their plans to the Department of Health, which, among other things, is vitally interested in water levels in proposed areas of construction.

Six months after construction had started the Wilmington Board of Health wrote a Registered Mail Return Receipt Letter, demanding a copy of the plans. Up until that time it had seen no plans of the new plant.

It is to be regretted that such action was taken by Wilmington's Town Manager. It was not

only unfair to other plants in Wilmington, it was also unfair to Guild Plastics, and cost that firm a considerable sum of money, because it had to correct certain things in the sewerage disposal plans. Whether or not the Board of Health would have made recommendations which could have prevented the unfortunate flooding of this week is, of course, only speculative, but it could possibly have happened, as the Board was well aware of the water problems of the area.

Up to this date Lancaster has still to re-appoint the person who was then the Chairman of the Board, namely Gus Walker.

It was Mr. Walker who signed that letter demanding a copy of the plans.

### TONGUE IN CHEEK?

Did any of the Selectmen know, on October 1 that Cecil Lancaster was hoping to be appointed City Manager of Haverhill?

Did they vote for him on the premise of giving him a send-off, and getting rid of him the easy way?

### TAKE A HARD LOOK

Wilmington has more area zoned for industry than has the City of Pittsburgh.

Wilmington has a debt of over \$4,000,000, not counting short term loans.

In the past three years the town has had an alarming tendency to "checkerboard" business and industry, a trend that is not all to the good.

Wilmington is scheduled to begin a new school next year, probably at a cost of about \$500,000. This is one of several schools which are planned for the next few years.

There isn't much hope that the town will get out of having to build these schools, as can be evidenced by the move of Campanelli Brothers, planning to build 180 homes near Park Street. If this is the beginning of a trend, and it may well be, our school building program may have to be accelerated.

In other words this is no time to propose to build a sewer to Silver Lake. The interceptor planned for the right of way of the Boston & Maine would cost about \$997,000, and laterals would have to be laid before anyone would be serviced. \$1,000,000 wouldn't begin to cover the costs.

The addition of \$1,000,000, plus the cost of the new schools could well bankrupt many of Wilmington's taxpayers, and with little foreseeable promise of any revenue to offset the costs.

Wilmington's taxpayers are not as well off as has been represented. To increase the costs to these people could mean the difference, in many cases, between owning a home and not owning it.

In the past few years the money spent foolishly by the town has only been in the thousands and tens of thousands. This is not the time to start thinking of Millions.

### TEEN AGE ROWDIES

The young man from Burlington who was arrested at the time of the Burlington game a few weeks ago was fined \$25, in Woburn Court, during the past week, for resisting a police officer. He was freed of any charge of participating in an affray, by the Wilmington Police.

And while this may seem to clear up the matter, the fact still remains that Wilmington has many teen-agers who are only too willing to engage in fisticuffs or worse with out of town youths.

The High School athletes are not to be included in this group, but there are many "hangers on" who should be included.

At every sport event in Wilmington, in the past few weeks, there have been rowdy youths who are only too anxious to find a provocation for a fight.

## TOWN NOTES

### Rainfall

Rainfall, this week, is not just a Town Notes Story, as probably all will agree, but for the records we have the history of the heavy rain falls of previous years.

Hurricane Carol, on Aug 31, 1954 left 2.71 inches of rain in Wilmington, according to the Wilmington Water Department records.

Edna, Sept 11, 1954, left 6.67 inches; Connie, Aug. 12, 1955, left 1.60 inches; and Diane, Aug. 18, 1955 left 7.79 inches.

The total rainfall for that month of August 1955 was 13.48 inches, which, we believe, is the heaviest on record in Wilmington.

On Oct. 14-16, 1955, rain (no hurricane) fell to a total of 6.62 inches.

### Always an Angle

Town Counsel Philip Buzzell is noted, in legal circles, for his ability to find a law to cover a situation. It would seem that the old Legal Eagle hasn't lost that ability, to judge by a case now going on in Boston.

Some of Sudbury's townspeople are trying to block construction of a high-tension electric transmission line through the Sudbury River marshes, and they have hired Philip to handle their case.

Monday, before the State Dept. of Philip Utilities, Philip pointed out that a state law prohibits the taking of ancient Indian burial grounds by eminent domain, without special authority from the legislature.

Even the Indians are on Philip's side.

### Melzar's Dust Bowl

A few years ago one of our Town Managers attempted to have the ditch which leads from Silver Lake to Lubbers Brook deepened. He was motivated by complaints from Veranda Ave residents of water in cellars, in the spring time.

Harold Melzar, of Lake Street, the very capable Chairman of the Water Board, had the work stopped, invoking the state law about water levels on Great Ponds, of which Silver Lake is one.

The residents of Verandah Ave. retaliated feebly, by nicknaming the lake "Melzar's Dust Bowl".

Sunday, for the first time in the memory of living man, Mr Melzar had water in his cellar.

### Took No Chances

Cecil Lancaster took no chances. On Oct 1 Lancaster told the Board of Selectmen that he was refusing appointment as Town Manager of Wilmington, because he was accepting a job at Haverhill.

On Oct 3 he appeared before the Town Clerk and had himself sworn in as Town Manager of Wilmington - for the next three years!

## WHO NEXT?

The question of who will be the next Town Manager, either Acting or Temporary, is very much up in the air.

Lancaster idaves as of Oct 21st for his new job. After that there must be an appointment, either by him or by the Selectmen, of someone to fill his shoes until a permanent successor is chosen. If Lancaster makes the appointment it will be for an "Acting" Town Manager, and if the Selectmen do so it will be for a "Temporary" Town Manager.

Lancaster, at one time appointed an "Acting" Town Manager who by law was not qualified for the position. The grapevine today says that he wishes to appoint Bob Peters, Town Accountant, to the post.

The Selectmen have on occasion appointed Assessor Stanley Webber as Temporary Town Manager, a post that he filled quite capably, but Mr. Webber seems to be in disfavor now.

There is reported, too, to be a "dark horse" candidate, which, the report says, will be a real surprise.

In other words anything can happen.

## LETTERS

Dear Captain:

Although my life's ambitions was frustrated at the polls, time will assuage the disappointment and leave the memories of people like you, who were kind and helpful in my campaign. Be assured that I am more than grateful for your graciousness toward me.

With Best Wishes for Health, Length of Days, and the continued success of the Town Crier, I am,  
Respectfully,  
Sam Pollard

Dear Larz:

For several years we ladies of Federal Street and the streets adjoining have requested the Selectmen to make a walk through from Federal Street to the Wildwood School. Since our first request was made some of the school children have become High Schoolers.

The recent rains have shown how these walks are needed. In wet weather, snow, etc the children have to walk around to Woburn Street, and be exposed to the hazards of traffic on that street.

Is there any way that the Selectmen can be reminded of their good intentions?

(Name withheld by request)

Dear Larz:

I want to express my appreciation for the coverage you gave on the interesting and unique meeting in the Barrows Auditorium, on the "Ecumenical Dialogue" sponsored by St. Thomas HN and CDA. Having been invited by Fr. Berube to introduce Mr Paul Chapman, Director of Packard Manse, a unique and growing Ecumenical Study Center in Stoughton and Roxbury, who also studied at the famous World Council sponsored Ecumenical Study Center at Bossey, Switzerland, it was an exceptionally interesting experience for me.

Fr. Berube and I have attended several Protestant-Catholic dialogue meetings together in the past two years. One of them was sponsored by the Paulist Fathers at the Information Center in Boston, and Bishop James K Matthews of the Methodist Church was the Moderator for the evening.

On this occasion in Wilmington, I was pleased that St. Thomas invited Fr. Von Ew and Paul Chapman for our first "public" encounter, because these two men have known each other for years and have appeared together as a "team" in similar programs before. I thought they handled it beautifully and hopefully.

In my opinion the thing we most

have to guard against in this rather new and important encounter is becoming involved in the polemics of our real differences before we have learned to really love and trust and respect each other in the light of our even deeper common faith in Jesus Christ and His Body.

I think I can safely say, from my side of the friendship, that the more I engage in this happy and fruitful friendship with Fr. Berube, the more both our differences and our common faith clarify! Neither of us, in good faith, minimize the depth of the differences. But, at this juncture, we will never be able to approach deep dialogue in regard to those unless we establish our common bond in Christ.

The meeting on September 25th deliberately aimed at that living "Reality" in the ecumenical movement which is gently forcing us to encounter each other across confessional lines and long established boundaries. It aimed at avoiding polemics at this point and cultivating charity - apart from which we are not susceptible to the Holy Spirit Who alone can lead us beyond our sincere dilemmas of serious differences.

I hope that when we Protestants sponsor some continuing part of this new dialogue in our community of faith that we show the same good judgement in selection of outside personnel which St. Thomas rightfully exercised in this instance. We must remember that in ecumenical usage, "dialogue" does not always imply or involve "debate".

Respectfully yours,  
Rev. Robert E Sanders

## Slightly Overlooked

Members of the Chamber of Commerce were very happy about the picture that appeared in last weeks paper of the new Color TV that is being given away, in conjunction with the Chamber's Christmas Lighting Program - until a couple of the members spotted that the Town Crier hadn't given any

mention to the man who had made it possible.

To correct that error, let it now be recorded that Danny Cosman of of the Wilmington Radio & TV was the man who made it possible, by getting a set for the Chamber at something like 150% discount. The set is on exhibition at their store, up near Silver Lake. right now.

Tickets for a testimonial dinner for Cecil Lancaster, to be held next Tuesday in a Tewksbury restaurant are priced at \$10 each. The ticket chairman is Town Accountant Bob Peters.

Minor town officials are refusing to pay the money.

A member of the Library Board recalled that Lancaster had called the Board to the Town Hall, for a special meeting, and when the board reported to the Town Hall Lancaster was somewhere else, with no one knowing the purpose of the meeting.

Members of the Board of Appeals Tuesday night, received the tickets, thought they were free, and put them in their pockets.

Members of the Planning Board, Tuesday night, refused as one man to buy. They also refused to contribute \$5 for a gift, instead of the ticket.

When the meeting was over, about 1 am Wednesday, one member remarked that 'perhaps we should have bought one ticket, and sent one member'.

'No Sir!' said a second, 'Then we would have had to draw straws to see who would go, and I would probably get the short straw!'

**WILMINGTON G.O.P. NEWS**

Wavie M Drew, chairman of the Wilmington Town Republican Committee announces that the committee has acquired headquarters at the corner of Parker and Lowell Streets. The headquarters will be open until 9 pm each evening from now to Nov. 6th.

Mrs Drew invites the various committees for Candidates to use the facilities of the headquarters as a meeting place.

'This year we have an excellent slate of candidates to support, and we of the Republican Town Committee intend to wage an aggressive and vigorous campaign for Victory at the Polls on November 6th. Our headquarters will be supplied with bumper stickers, posters, pins, literature etc. of your favorite candidate, for your convenience' Mrs Drew stated.

The Republican Town Committee has extended an invitation to all voters of Wilmington to come in and visit, and get acquainted. We will be pleased to meet you and hope you will join us in a victorious campaign by your interest, support and vote.

**CAMPANELLI REP MEETS WITH PLANNING BOARD**

The Wilmington Planning Board, Tuesday night, met for the first time with a representative of the Campanelli Bros firm of Quincy, the firm which is planning to put in a real estate development of 180 homes on both sides of Park St. Bob Raymond, representing the firm of Bradford Savietz & Assoc. (Consulting Engineers) of Quincy, was the representative. He will meet again with the Planning Board in two weeks.

Raymond exhibited pictures of homes in the \$16-20,000 class. He told the board that Campanelli would perhaps take two to three years to complete the project, that he knew of no plans to develop the 15 or 20 acres of the Anderson farm that is in North Reading, and in reply to questions by members didn't believe that Campanelli had plans of 'assisting' with a school for the area.

**WEST WILMINGTON RESIDENTS WANT STREET IMPROVEMENTS**

Speeding cars, parked cars, and curves present a hazard to the children of the Boutwell School, the Board of Selectmen were told Monday night, by 13 residents of the Boutwell St. Burlington Ave. area.

Spokesmen for the group were Daniel Gillis, former Chairman of the Planning Board, and Walter Lawler, former member of the Board of Appeals, with Bob O'Leary and others adding their testimony to other points, including drainage.

The Selectmen found themselves in accord with the complaints and agreed to a brush cutting job, and plans for widening Burlington Avenue by scraping, so as to make sort of a sidewalk.

Additional funds will have to be appropriated, the group were told, to take care of the drainage problems, some of which date back for years. A budget increase will be asked for in next year's Town Meeting.

## FLOOD PICTURES

**GUILD PLASTICS UNDER WATER**

The most prominent building in the Wilmington Centre area, Guild Plastics, recently completed at a cost of about \$1,000,000, was the most conspicuous casualty of the weekend floods, in Wilmington. The building was in complete darkness for several days when water reached the transformer base, in back of the building.

The piles of dirt, showing to the left in the picture, were dumped there Saturday night in a vain effort to make a dam to prevent the flow of water. The trees in the foreground had been planted just a week ago.

**OVERFLOW OF THE SHAWSHEEN RIVER**

A car operated by Lawrence Meuse and Robert Baxter, of Billerica navigates along Whipple Road, in South Tewksbury, just over the Wilmington line from Nichols Street.

**CROSSING MILL BROOK ON CHESTNUT STREET**

Mill Brook, on Chestnut Street, did not raise as high as it did in 1955 hurricanes, but it did overflow the street. The car is being driven by Mike Shelley, on Sunday morning.

## BALDWIN ASSOCIATION INVITES MAN OF YEAR NOMINATIONS

The Baldwin Civic Association, Inc. has extended invitations to individuals and organizations of Wilmington to nominate candidates for its annual Civic Progress Award.

Nominations, together with reasons for the nomination, are to be

mailed to Mrs Joseph Slater, Grove Avenue.

The award last year was given to Town Counsel Philip Buzzell, the late Herbert C Barrows (his death was after the award was announced) and Mrs Esther Nichols.

This year the awards will be given at a banquet planned for December.

## STILL BAILING (Fr Fr Page)

breaks in service, caused by water in the overhead wiring.

A few homes in Wilmington were temporarily without power when their own switchboards were flooded, but Hector Gianacoli, Manager of the Reading Light reports that his crews were able to effect speedy repairs in most instances. He was particularly pleased with the way his men reported, even before being asked to.

The Reading Light Department co-operated closely with the main-

tainance crew of Guild Plastics, throughout the flooding period of that plant. Guild Plastics is the third largest commercial user of electricity in the area served by the Reading Light.

## BAPTIST CHURCH SERVICES

## ANTIQUE IRISH CHINA TO BE DISCUSSED AT WOMENS CLUB

The Story of Irish Beleck China is to be the subject of a discussion by Mrs Dorothy Sullivan, at the first meeting of the Wilmington Womens Club, next Thursday, at 1 pm. The meeting will be held in the Fellowship Hall of the Methodist Church.

Irish Beleck China was first recognized as an antique in 1957. From her collection of over 100 pieces, Mrs Sullivan will tell of the history, romance and background of Irish Beleck.

She has asked that any member who may have Irish Beleck please bring the pieces to the meeting, together with any questions that they would like to ask.

## LANCASTER'S HAVERHILL SALARY TO START AT \$10,000

Cecil Lancaster's salary as City Manager, according to the Mansfield (Mass) News, is to be at the rate of \$10,000 a year. Lancaster was Town Manager of Mansfield before coming to Wilmington. In this town he has been receiving a salary of \$11,500 plus certain expenses.

The Mansfield News further reported that Lancaster had refused a \$12,000 post offered by a Wilmington Industrial firm.

Haverhill is to have a referendum on Nov. 6th to decide whether or not to set a maximum of \$20,000 for the manager's salary.

## 14TH STRAIGHT WIN

### BELLISSIMO CLEANS BENCH AGAIN

WILMINGTON 30 BEDFORD 7

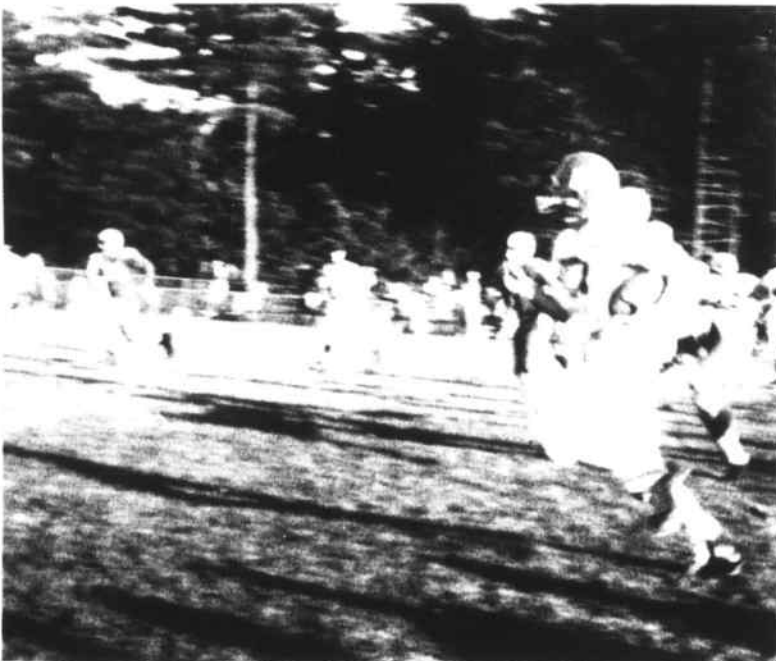

DICK PAGE TACKLING

Guard Dick Page hits Bedford's Mike King, at the 50 yard line, in the third quarter of the Bedford game. Coming up on the left (36) is Johnny Bevilacqua.

Wilmington emerged on top of its first real contest of the season, Monday afternoon, with a 30 to 7 win over Bedford. Played on the home field. The game had been delayed because of the weekend rain. It was Bowen, Allard and Perdicaro who led the offense, and on the defense it was Gillis, Bevilacqua and Page.

Jackie Bowen, displaying all his power, gained two consecutive first downs, followed by a 12 yard run by Frank Perdicaro, which scored the third touchdown. The point after try failed. Wilmington was leading, 22 to 0.

After the kickoff Bedford was unable to move the ball. McLaughlin and Page.

RITCHIE IN THE CLEAR

Billy Ritchie didn't know the flag was down, as he made this 20 yard run around left end, in the closing moments of the game. The little sophomore is a comer, in Wilmington football.

Bedford's best efforts were in its aerial attacks, and while most of the passes were knocked down by the Wilmington defense, there were some moments for Bedford. The 7 points the Bedford team scored were the first scored against the Wilmington varsity this season.

Bedford opened with a strong defense in the first quarter and Wilmington had to fight for its yardage.

Bowen finally broke clear in the third first down, for a 25 yard run for a touchdown, a run in which he shook off three tacklers. The points were made by Perdicaro, who crashed through left tackle.

The Bedford offense started to move after Farrell got a good kick, despite tackles by Bevilacqua and Gillis. McLaughlin intercepted their first aerial, on their 30 yard line to recover for Wilmington, at the end of the first period.

Wilmington started to roll in the second period, with a 30 yard spot pass from Allard to Fuller. It was a very good catch, with two Bedford players interfering.

Runs by McLaughlin, Farrell and Bowen brought the ball to Bedford 10 yard line. Perdicaro, on an 8 yard plunge through left tackle, scored the second touchdown.

Farrell went over the line for two points on the conversion.

Mike Kasabuski made a fine tackle, and then on the second play Huston recovered the ball on a fumble.

knocked down a pass, and Gillis and Bevilacqua tackled, after which the ball passed to Wilmington.

A pass from Allard to Babine was intercepted, after which Bedford's Mike Linehan made a 50 yard pass to Neville, the outstanding pass of the game. Jimmy Newhouse intercepted the next pass, as the half ended.

Tackles by Fairfield, Gillis, Cotter, Bevilacqua and Bowen kept the Bedford team from making yardage as the second half opened. The Bedford aerial attack was unable to penetrate, and Wilmington finally took over, and Perdicaro made a first down.

Bowen, in the next scrimmage, scored, on a 25 yard run around right end.

Allard went over for the two points, after a penalty for the backfield in motion.

Tackles by Farrell, and an intercept by Allard gave the ball to Wilmington, but it was lost on a fumble, which ended the third period.

Bedford scored in the fourth period, after about half a dozen short passes, from QB Mike Linehan to Neville, and Fields kicked the points, square between the posts.

Babine ran back a 33 yard kick, in the last minutes of the game, and the JVs took over for Wilmington, with Emery and Ritchie making first downs.

As the game went into its final minutes the Bedford Varsity held the Wilmington JVs. Billie Ritchie made a spectacular run around the

left end, but the flag was down, and the play was illegal.

The Wilmington team seems to be headed for another championship. The line is exceptionally good, QB Dickie Allard is one of the best players in the state, and with FB Jackie Bowen Coach Bellissimo has a bundle of dynamite.

Wilmington is to be the host to Dracut Saturday, at 2 pm. Dracut lost to Chelmsford Monday, 13-0.

#### FIRESIDE PILGRIM FELLOWSHIP

#### K of C MUSCULAR DYSTROPHY PROGRAM NEXT WEEK

Wilmington Council 4982, K of C will have a Muscular Dystrophy Program, next Thursday, at Villanova Hall, starting at 8 pm, and open to the public.

Bernard Farese of the Middlesex Chapter of the Muscular Dystrophy Association will be the speaker, and there is to be a film entitled "The Other Half of the Team". Mr. Farese is to be introduced by George Cargill of the Wilmington Council, a member of the executive board, who has been afflicted with muscular dystrophy for sixteen of his 24 years.

The program will conclude with a question and answer period. Muscular dystrophy is an affliction about which too little is known, and it is the hope of the MDA that the public will take advantage of the opportunity to become better acquainted with the disease and its effects.

The marriage took place in the Union Congregational Church in North Reading at 3 pm Oct. 6th. The Rev. Kenneth Doyle united the couple in marriage.

The bride wore a Taupe suit, with beige accessories, and was given in marriage by her father. Her sister, Mrs. Alton E. Brown, was the Matron of Honor, and wore a beige suit, with brown accessories.

Mr. James S. Fairweather of Wilmington served his brother as Best Man, while Mr. Marshall M. Hollenbeck was the usher.

A reception was held after the ceremony at the home of the bride's parents. The bride's mother wore a blue silk dress, for her place in the reception line, while the mother of the groom chose one of purple lace.

After a motor trip through northern New England the couple will make their home at 215 Elm St. in North Reading.

The new Mrs. Fairweather is a graduate of Reading High School, and has been employed at the Boston Safe Deposit and Trust Co. Mr. Fairweather, a Wilmington High School graduate, is a Navy veteran, and is employed by the Magee Donnelly Company of North Reading.

## Looking for a SUNDAY SCHOOL?

"... not to stamp our minds irresistibly  
on the young but

## TO STIR UP THEIR OWN"

THIS IS THE AIM of our church schools, ever since the Unitarian pioneer, William Ellery Channing, so defined it, more than 100 years ago.

## DO YOU SEEK

a church school of creative discovery, intelligent examination, and free decision? Which teaches religion as a basic, but a growing and changing human concern? Which fosters appreciation not only of our own, but of all faiths, and the best in traditional religion? Whose materials and methods wholeheartedly accept and use today's knowledge of history, science and psychology? Which regards religion, not as a set of fixed beliefs, but as a way of living?

## The UNITARIAN CHURCH of READING

invites you to learn more, and TO ENROLL YOUR CHILDREN in a program whose basic aim is to discover their own religious potentials.
